## SAFETY DATA SHEET

### 1. PRODUCT AND COMPANY IDENTIFICATION

|   |   |
|---|---|
| Product Name                            | : NTC-CARBOMER 381  |
| Company                                 | : NIPPON SURFACTANT INDUSTRIES CO., LTD.                            |
| Address                                 | : 7-14 Hiraide Kogyo Danchi Utsunomiya, Tochigi 321-0905, JAP<br>AN |
| Division                                | : Quality Assurance Division  |
| Tel. No.                                | : 028-661-6121  |
| Fax No.                                 | : 028-663-0426  |
| E-Mail address                          | : info-sds@nikkolgroup.com  |
| Emergency tel. No.                      | : NIKKO CHEMICALS CO., LTD.+81-3-3661-1677                          |
| Recommended use and restrictions on use | :   |

### 2. HAZARDS IDENTIFICATION

#### GHS Classification

|  |                               |
|--|-------------------------------|
| Physical and Chemical Hazards                                  | : Not classified              |
| Health Hazards   |                               |
| Acute Toxicity (Oral)  | : Not classified              |
| Acute Toxicity (Dermal)  | : Not classified              |
| Acute Toxicity<br>(Inhalation : gases)                         | : Classification not possible |
| Acute Toxicity<br>(Inhalation : vapors)                        | : Classification not possible |
| Acute Toxicity<br>(Inhalation : dust, mists)                   | : Classification not possible |
| Skin Corrosion / Irritation                                    | : Classification not possible |
| Serious Eye Damage / Eye Irritation                            | : Classification not possible |
| Respiratory Sensitization                                      | : Classification not possible |
| Skin Sensitization   | : Classification not possible |
| Germ Cell Mutagenicity   | : Classification not possible |
| Carcinogenicity  | : Classification not possible |
| Reproductive Toxicity  | : Classification not possible |
| Specific Target Organ Systemic<br>Toxicity (Single Exposure)   | : Classification not possible |
| Specific Target Organ Systemic<br>Toxicity (Repeated Exposure) | : Classification not possible |
| Aspiration Hazard  | : Classification not possible |
| Environmental Hazards  |                               |
| Short-term (acute) hazardous to<br>the aquatic environment     | : Not classified              |
| Long-term (chronic) hazardous to<br>the aquatic environment    | : Classification not possible |
| Hazardous to The Ozone Layer                                   | : Classification not possible |
| GHS Label Elements   |                               |
| Pictograms or Symbols  | :                             |

|                               |  |
|-------------------------------|--|
| Signal Word                   | :  |
| Hazard Statements             | : <b>【H000】</b> Not classified   |
| Precautionary Statements      |  |
| <b>【Prevention】</b>           | : <b>【P264】</b> Wash thoroughly after handling.  |
| <b>【Response】</b>             | : <b>【P301+P312】</b> IF SWALLOWED: Call a doctor / physician if you feel unwell.<br><b>【P302+P352】</b> IF ON SKIN: Wash with plenty of soap and water.<br><b>【P305+P351+P338】</b> IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| <b>【Storage】</b>              | : <b>【P404】</b> Store in a closed container.   |
| <b>【Disposal】</b>             | : <b>【P501】</b> Dispose of contents/container in accordance with local/regional/national/international regulation(to be specified).  |
| <b>【Safe Handling Advice】</b> | : <b>【N00-010】</b> Refer to SDS<br><b>【PN001】</b> Avoid dust formation.  |

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

|                                     |                            |
|-------------------------------------|----------------------------|
| Substance or Mixture                | : Substance                |
| Ingredients and Concentration Range | :                          |
| Ingredient (INCI Name)              | concentration(%) / CAS RN® |
| Carboxyvinylpolymer (Carbomer)      | 100 / 9003-01-4            |

### 4. FIRST-AID MEASURES

|                         |  |
|-------------------------|--|
| In Case of Inhalation   | : Take victim to a place of fresh air and keep at rest in a position comfortable for breathing.  |
| In Case of Skin Contact | : Wash with plenty of soap and water.<br>Take off contaminated clothing and wash before reuse.   |
| In Case of Eye Contact  | : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>Get medical advice / attention if eye irritation persists.                             |
| In Case of Ingestion    | : Rinse mouth with water, and provide 1-2 cups of water or milk to drink.<br>Get immediate medical advice / attention.<br>In the event that the victim is not conscious, do not feed anything through the mouth. |

### 5. FIRE-FIGHTING MEASURES

|                                  |  |
|----------------------------------|--|
| Suitable Extinguishing Media     | : Powder, alcohol-resistant foam, carbon dioxide, sand, water spray.   |
| Not Suitable Extinguishing Media | : Refer to SDS   |
| Special Hazards                  | : During a fire, toxic gases (e.g., carbon monoxide, nitrogen oxide etc) may be generated. Avoid inhaling smoke during fire extinguishing. |

#### Special Methods

: Remove all combustible objects away from the fire and use adequate extinguishing media. Preferably extinguish the fire from the same direction of the wind. Evacuate personnel not involved in fire extinguishing to safe area. Equipment and machinery in proximity of fire must be sprayed with water to cool. Water used to extinguish a fire should not be allowed to enter the drainage system or water courses.

#### Special Protective Action for Fire-Fighters

: Use goggles in combination with dust mask. During a fire, toxic gases (e.g., carbon monoxide, nitrogen oxide etc) may be generated. Avoid inhaling smoke during fire extinguishing.

## 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedure  
Environmental Precautions  
Methods and Materials for Contamination and Cleaning Up

: Use goggles and protective gloves. In case of large spills, remove person to safety. Ensure adequate ventilation.  
: Do not discharge into river or sewer.  
: In case of a small spill, absorb with liquid-binding material (sand, soil, cloth) and wipe away the remains with cloth or fabric. Flush surroundings with large amounts of water. In case of a large spill, surround it with the mound of sand or soil to prevent elution and collect into drums or other containers.

#### Prevention of Secondary Hazards

: Promptly remove all combustible objects away from the spill and prepare fire extinguishing media. The spills on the floor must be cleaned promptly, otherwise they present a risk of traumatic accident. Avoid walking or stepping on the spills. While cleaning the spill use adequate tools that do not promote sparks of fire.

## 7. HANDLING AND STORAGE

#### Handling

##### Technical Measures

: The shower with water (for washing of eyes and body) must be installed near the handling facility.

##### Contact Avoidance

: Keep away from source of ignition.

##### Safe Handling Advice

: Use adequate ventilation. Use goggles and protective gloves. Wash thoroughly after handling.

#### Storage

##### Suitable Storage Conditions

: Store in a well-ventilated place. Keep cool.

##### Safe Packaging Materials

: No information available

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### Control parameters

##### ACGIH

: Not established (2008)

#### Engineering Measures

: Exhaust system must be installed in case steam, fume or mist is generated at the operation facility. Shower with water (for washing eyes and body) must be installed near the handling facility.

#### Protective Equipment

##### Respiratory Protection

: Not needed in case of standard handling.

##### Hand Protection

: Impermeable protective gloves.

##### Eye/Face Protection

: Goggles or protective glasses with side protectors.

##### Skin and Body Protection

: Workwear with long sleeves.

#### Special Precautions

: No data available

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|  |  |
|--|--|
| Physical State   | : Powder                                       |
| Color  | : White  |
| Odor   | : Slight acetic                                |
| Melting Point / Congealing point                         | : No data                                      |
| Boiling Point or initial boiling point and boiling range | : No data                                      |
| Flammability   | : No data                                      |
| Lower and Upper explosion limit / Flammability Limits    | : Upper Limit : No data, Lower Limit : No data |
| Flash Point  | : No data                                      |
| Auto-Ignition Temperature                                | : No data                                      |
| Decomposition Temperature                                | : No data                                      |
| pH   | : 2.5~4.0                                      |
| Kinematic Viscosity                                      | : No data                                      |
| Solubility   | : Material will swell in water                 |
| Partition Coefficient : n-Octanol / Water                | : No data                                      |
| Vapour Pressure  | : No data                                      |
| Density and/or Relative Density                          | : No data                                      |
| Relative Vapour Density                                  | : No data                                      |
| Particle Characteristics                                 | :  |
| Other Data   | : No data                                      |

## 10. STABILITY AND REACTIVITY

|                                    |                                      |
|------------------------------------|--------------------------------------|
| Reactivity                         | : Stable in general.                 |
| Chemical Stability                 | : Stable in general.                 |
| Possibility of Hazardous Reactions | : No data available                  |
| Condition to Avoid                 | : No data available                  |
| Incompatible Materials             | : No Data                            |
| Hazardous Decomposition Products   | : Carbon monoxide, Nitrogen compound |

## 11. TOXICOLOGICAL INFORMATION

|   |  |
|---|--|
| Acute Toxicity (oral)                     | : LD50 in Rats is >10,000 mg/kg*Based on data from components or similar materials.  |
| Acute Toxicity (dermal)                   | : LD50 in rabbits is >5000 mg/kg*Based on data from components or similar materials.   |
| Acute Toxicity (Inhalation : gases)       | : No data  |
| Acute Toxicity (Inhalation : vapors)      | : No data  |
| Acute Toxicity (Inhalation : dust, mists) | : No data  |
| Skin Corrosion / Irritation               | : Skin Corrosion : No data<br>Skin Irritation : Allowable product (stimulation index : 10.0, 24hrs, Closed patch test, 20 Human, 2% solution. (pH 7.0~7.5))<br>RIPT test: Negative, human, 56 people, 2% aq. neutralized with NaOH at pH 7.0~7.5 |
| Serious Eye Damage / Irritation           | : Not expected to cause eye sensitization.*Based on data from components or similar materials.   |
| Respiratory or Skin Sensitization         | : No data  |
| Mutagenicity (germ cell mutagenicity)     | : No data  |
| Carcinogenicity                           |  |
| IARC                                      | : Not applicable   |
| NTP                                       | : Not applicable   |

|  |           |
|--|-----------|
| Reproductive Toxicity  | : No data |
| Specific Target Organ Systemic Toxicity<br>(Single Exposure)   | : No data |
| Specific Target Organ Systemic Toxicity<br>(Repeated Exposure) | : No data |
| Aspiration Hazard  | : No data |

## 12. ECOLOGICAL INFORMATION

|                              |  |
|------------------------------|--|
| Ecotoxicity                  | : Freshwater Fish Toxicity : The acute LC50 is 100 - 1000 mg/L<br>Freshwater Invertebrate Toxicity : The acute LC50 is 100 - 1000 mg/L |
| Persistence / Degradability  | : No data  |
| Bioaccumulative Potential    | : No data  |
| Mobility in Soil             | : No data  |
| Hazardous to The Ozone Layer | : No data  |

## 13. DISPOSAL CONSIDERATIONS

Either incinerate in small quantities in the incinerator or entrust to a specialized waste disposal contractor licensed by the prefectural governor.

## 14. TRANSPORT INFORMATION

|                              |  |
|------------------------------|--|
| International Regulations    | : Please follow applicable IATA regulations for air transport and IMDG regulations for sea transport.  |
| UN Class / UN Number :       |  |
| IATA : UN Number             | : —  |
| Proper Shipping Name         | :  |
| Class                        | :  |
| Packing Group                | :  |
| IMDG : UN Number             | : —  |
| Proper Shipping Name         | :  |
| Class                        | :  |
| Packing Group                | :  |
| Additional Information       | :  |
| Special Precautions for User | : Review "Section 7 : "Handling and Storage".<br>Ensure containers without breakage or leakage.<br>Ensure containers tightly fixed.<br>Follow all regulations in your country or region. |

## 15. REGULATORY INFORMATION

|               |         |
|---------------|---------|
| Inventories : |         |
| ENCS(Japan)   | : 6-898 |

## 16. OTHER INFORMATION

|           |   |
|-----------|---|
| Reference | : |
|-----------|---|

The information described herein is based on the documents, information and data, etc. on this product that are currently available to us, but the values, such as contents of ingredients, physical and chemical properties, are not necessarily identical to those in the specification. In addition, the precautions are intended for the cases where this product is handled and used under normal conditions. Thus, in cases of special uses or handling, users should use and handle it, taking appropriate safety measures in accordance with the intended uses and how to use the product.
