

## **SAFETY DATA SHEET**

in accordance with the requirements of US 29 CFR 1910.1200

### **1. Product and Company Identification**

---

**Product Name:** Citropol® H

**Synonyms:** Polycitronellol  
Citronellol Polymer

**Version #10:** 06/02/2025

**Supplier:** P2 Science Inc.  
4 Research Drive  
Woodbridge, CT 06525  
USA  
Phone: +1 (203) 821-7457  
[www.p2science.com](http://www.p2science.com)

**Use:** Ingredient in consumer products

**24-Hour Emergency Assistance** **CHEMTREC: +1-800-424-9300**

### **2. Hazards Identification**

---

#### **2.1. Classification according to the Globally Harmonized System of Classification and Labelling of Chemicals**

(GHS) - Rev. 8:

Not classified - No known hazards

**2.2. GHS Label Elements:** Not a dangerous substance according to GHS.

**2.3. Other Hazards:** None known.

### **3. Composition/Information on Ingredients**

---

**Substance**

Chemical Name: 6-octen-1-ol, 3,7-dimethyl-, homopolymer  
CAS #: 888224-71-3  
Synonym: Polycitronellol  
Trade Name: Citropol® H

#### **4. First Aid Measures**

---

##### **Inhalation**

If not breathing, give artificial respiration. Consult a physician.

##### **Skin Contact**

Wash off with soap and plenty of water. Consult a physician.

##### **Eye Contact**

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

##### **Swallowed**

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

#### **5. Fire Fighting Measures**

---

##### **Suitable extinguishing media**

Dry chemical, carbon dioxide, water spray, fog or foam.

##### **Special protective equipment for firefighters**

Wear self-contained breathing apparatus for firefighting if necessary.

##### **Hazardous combustion products**

Hazardous decomposition products formed under fire conditions. - Carbon oxides

#### **6. Accidental Release Measures**

---

##### **Personal precautions**

Use eye protection and gloves. Avoid breathing aerosol if present.

##### **Environmental precautions**

Do not let product enter drains.

##### **Methods and materials for containment and cleaning up**

Use suitable absorbent material. Place in suitable, closed containers for disposal.

#### **7. Handling and Storage**

---

##### **Precautions for safe handling**

Avoid contact with skin and eyes. Avoid formation of dust and aerosols.

### Conditions for safe storage

Store material at room temperature in a tightly closed container under nitrogen.

## 8. Exposure Controls/Personal Protection

---

### Control Parameters

Contains no substances with occupational exposure limit values.

### Personal protective equipment

- **Respiratory protection:** Product is not volatile. No respiratory protection required, unless there is a risk of exposure to aerosols. In that case, use a full-face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
- **Hand protection:** Product is not considered a skin irritant. However, to avoid any potential concerns, handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
- **Eye protection:** Product is not an eye irritant. However, as a precautionary measure use tightly fitting safety goggles. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN (EU).
- **Skin and body protection:** Product is not a skin irritant. Therefore, skin and body protection is not necessary. However, if product is splashed on clothes or skin, remove contaminated clothing and wash with soap and water.
- **Hygiene measures:** Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

## 9. Physical and Chemical Properties

---

### Appearance

Form:	Liquid
Color:	Straw
Odor:	Slight fresh
Melting point/freezing point:	No data available
Boiling point range:	> 200°C
Flash point:	> 150°C
Evaporation rate:	No data available
Flammability:	No data available
Autoignition temperature:	No data available
Lower explosion limit:	No data available
Upper explosion limit:	No data available
Vapor pressure:	No data available
Density:	0.850-0.950 g/cm <sup>3</sup> at 25°C
Water solubility:	Virtually insoluble
Other solubility:	Alcohols and oils
pH:	No data available
Viscosity (dynamic):	245-405 mPa.s at 25°C
Viscosity (kinematic):	272-450 mm <sup>2</sup> /s at 25°C

Partition Coefficient (n-octanol:water): No data available  
Refractive Index: 1.40-1.50 at 20°C  
Surface Tension: 27-33 mN/m  
Thermal decomposition: >160°C

## 10. Stability and Reactivity

---

### Chemical stability

Stable under recommended storage conditions.

### Possibility of hazardous reactions

No data available

### Conditions to avoid

No data available

### Materials to avoid

Strong oxidizing agents, Strong reducing agents, Strong bases

### Hazardous decomposition products

Hazardous decomposition products formed under fire conditions. - Carbon oxides

## 11. Toxicological Information

---

**Acute toxicity:**  
(Dermal, Oral, Inhalation LD<sub>50</sub>)

No data available.

**Skin corrosion/irritation:**

Not classified. Polycitronellol did not produce any skin irritation in a Human Repeat Insult Patch Test (HRIPT) in 103 subjects. In addition, it was predicted to be a non-irritant in an EpiDerm™ Skin Irritation Test (OECD 439).

**Skin sensitization:**

Not classified. Polycitronellol did not exhibit any skin sensitization potential in a Human Repeat Insult Patch Test (HRIPT) with 103 subjects. In addition, it was found negative for skin sensitization in three in vitro assays:

<u>Result</u>	<u>Species/Test System</u>	<u>Source</u>
Negative for skin sensitization	Direct Protein Reactivity Assay (OECD TG 442C)	Third Party Testing
Negative for skin sensitization	Human Cell Line Activation Test (h-CLAT; OECD TG 442E)	Third Party Testing
Negative for skin sensitization in structurally related material Polycitronellol Acetate	SENS-IS	Third Party Testing

**Respiratory sensitization:**

No data available.

<b>Serious eye damage/eye irritation:</b>	Not classified. Not considered an eye irritant based on testing with Structurally related material (Polycitronello Acetate, Citropol® 1A) in Bovine Corneal Opacity Assay (OECD TG 437).
<b>Phototoxicity:</b>	Negative for phototoxicity based on testing with structurally related material (Polycitronello Acetate, Citropol® 1A) in 3T3 Neutral Red Uptake Assay (OECD TG 432)
<b>Genetic toxicity</b>	Not classified. Negative based on testing with structurally related material (Polycitronello Acetate, Citropol® 1A) in Bacterial Reverse Mutation Test (OECD TG 471) and in vitro Mammalian Cell Micronucleus Test (OECD 487).
<b>Carcinogenicity</b>	No data available. No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC, ACGIH, NTP or OSHA.
<b>Reproductive toxicity</b>	No data available.
<b>Aspiration hazard</b>	Not classified. Based on expert judgement and the fact that polycitronello is not a hydrocarbon.
<b>Specific target organ toxicity-single exposure</b>	No data available.
<b>Specific target organ toxicity-repeated exposure</b>	No data available.

## **12. Ecological Information**

---

<b>12.1 Toxicity:</b>	No data available.
<b>12.2 Persistence and degradability:</b>	Polycitronello met the threshold requirements for Inherent Biodegradability in a CO2 Evolution Test (OECD 301B).
<b>12.3 Bioaccumulative potential</b>	No data available.
<b>12.4 Mobility in soil:</b>	No data available.
<b>12.5 Other adverse effects:</b>	No data available.

## **13. Disposal Considerations**

---

### **Product**

Dispose as non-hazardous waste.

### **Contaminated packaging**

Dispose as non-hazardous waste.

## 14. Transport Information

---

DOT (US)	Non-regulated
IMDG	Non-regulated
IATA	Non-regulated

## 15. Regulatory Information

---

### SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

### SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### SARA 311/312 Hazards

No SARA Hazards

### Massachusetts Right To Know Components

No components are subject to the Massachusetts Right to Know Act.

### Pennsylvania Right To Know Components

No components

### New Jersey Right To Know Components

No components

### California Proposition 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

## 16. Other Information

---

The above information is believed to be correct but does not purport to be all- inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. P2 Science, Inc, shall not be held liable for any damage resulting from handling or from contact with the above product. It is the user's responsibility to determine the safety, toxicity, and suitability for their own use of the product described herein.

**Date of Last Change:** June 02, 2025
